

SICK CANCELLATION POLICY

Kidsplay Therapy Center, Inc. is a multi-disciplinary pediatric rehabilitation clinic. Due to the medical needs of our clients, we require that parents/caregivers cancel treatment sessions for the following reasons:

- Fever at or above 100° F
- Vomiting
- Diarrhea
- Sinus infections/colds with yellow, green mucous
- Conjunctivitis (pink eye)
- Lice
- Strep Throat
- Chicken Pox, Measles, Mumps, RSV, Rubella, Mononucleosis
- Flu-like symptoms
- Viral infections, rashes, or any other contagious illness

Your child may begin receiving services after an illness within the below listed time periods:

- **24 hours**—Must be symptom-free and receiving the necessary medications for—vomiting, diarrhea, fever, sinus infections, and colds.
- **48 hours**—After receiving medical treatment with antibiotics for—Strep throat and conjunctivitis.
- **72 hours**—After receiving medication treatment and having no live lice; also, following maintenance treatments as indicated on product label.
- **Physician's Release**—Must obtain after chicken pox, measles, mumps, RSV, rubella, and mononucleosis. (If for any reason your child is admitted to the hospital, you must provide a release from the Physician stating that it is okay to resume therapy, and/or resume limited therapy; before services can be continued).

Thank you for your cooperation in maintaining a healthy therapeutic environment for our clients and their families. Please feel free to contact us at (678) 205-5437 with any questions or concerns.
